

WHY GET THE COVID-19 VACCINE?

CORONAVIRUS DISEASE 2019 (COVID-19)

Getting a COVID-19 vaccine will help keep you from getting COVID-19.

The illustration shows a female healthcare worker in a red polo shirt and a purple face mask standing in the foreground. She has a bandage on her right shoulder. In the background, a male patient in a purple t-shirt and pants is sitting on a medical examination table, also wearing a purple face mask. The scene is set in a clinical environment with a table and some equipment.
